

Free Valuations & Cash-Back are here!

In a challenging market where our client's budgets are squeezed and down-values are becoming more common PFC & Age Partnership has worked hard to negotiate a number of plans with some of the top lenders, these include free valuations, cash-back, and a combination of both. In Many cases this significantly reduces the cost to your client when taking out an Equity Release product, increases conversion rates, and adds value to your business!

Remember:

- ✓ Clients aged 55+ that don't qualify for mainstream lending could qualify for Equity Release.
- ✓ Age Partnership is the only company in the UK to exclusively advise a leading Age Charity.
- ✓ Many of the plans we recommend are exclusive to age Partnership.
